DAY N' NIGHT SERIES

Grand Teton Brewing presents our Day and Night Series, featuring Bluebird Pilsner and Black Cauldron Imperial Stout. The seasons in a mountain town are different from most. The long, warm summer days lead to long, cold winter evenings and these seasons define our mountain living lifestyle. Bright summer days encourage leisurely river floats and heart pumping mountain hikes. Our Bluebird Pilsner is a refreshing treat for a long, sunny day well spent in the outdoors. On the other extreme, the long and cold winter evenings call for a dark, warming beer enjoyed by a toasty fire. Our 2019 GABF Silver Medalist, Black Cauldron Imperial Stout fits the bill perfectly. Together these two beers exemplify mountain living at its best. Enjoy these brews seasonally on draft or in cans.
