## FIRST MUG

# MOCHA PORTER

5.0% ALC. BY VOL.

Like your first mug of coffee on a cold winter day, First Mug Porter will warm you up after a day in the snow. First Mug is brewed with fresh Alpine Air Coffee, locally roasted in our home town of Victor, Idaho. We recommend getting out on the slopes and then warming up with a First Mug Porter by the ski lodge fireplace. With abundant chocolate, plum and coffee flavors, First Mug Porter is a well earned treat.
