BLACK CAULDRON IMPERIAL STOUT

9.5% ALC. BY VOL.

There are few styles of beer more flavorful than Imperial Stout. Our thick, rich version is brewed with plenty of caramel and roasted malts and subtly spiced with Cascade and Super Galena hops. We accentuate the natural smokiness of the brew by adding a small amount of beechwood-smoked malt. Try pairing it with full-flavored grilled or roasted meats. Rich desserts like chocolate cake, truffles, fruit tarts, caramel flan or crème brûlée are excellent matches.
