WILDFLOWER WEST COAST PALE ALE

5.5 % ALC. BY VOL. | 35 IBU

You can always depend on wildflowers to bloom, much like the dependable trio of "C" hops—Columbus, Citra, and Cascade—consistently yield exceptional beer. Our infusion of these hops in crafting this West Coast Pale Ale exemplifies this reliability. Like the native Arrowleaf Balsamroot flower, our Wildflower Pale Ale boasts a captivating golden hue. Delicate citrus tones and profound floral aromas gracefully intertwine, delighting your palate with each sip. Best savored amidst picnics, outdoor adventures, and dancing amongst the wildflowers!
